Subject: . CAB Regulation

Date: May 9, 1978

Contrary to the expectation expressed in Horace Kornegay's notice of May 8, the CAB, this morning, failed to approve a regulation to prohibit pipe and cigar smoking on aircraft and to initiate a proceeding to prohibit all smoking. The vote resulted in a 2-2 tie with one member (Mr. Minetti) abstaining.

The Tobacco Institute is informed that the CAB will take up these questions again on Friday at 10:00am.
